

KNOWING GOD

EXODUS 15:11

This was a song the Israelites sang after they crossed Red Sea where the Lord drowned the Egyptians

In this phrase the Israelites tells us who God is;-

- **Majestic in Holiness;** (**Superior , having Godlike quality, supreme, brilliant, glorious, magnificent, impressive**)
- **Awesome in Glorious Deeds;** (**Inspiring awe, admiration or wonder, amazing, breathtaking, impressive, very good, highest quality, excellent, fantabulous, first class, super**)
- **God of Wonders;** (**The feeling aroused by something strange and surprising, Amazement, astonishment, marvelous**)

My brothers and sisters this is the God we worship!

Understanding someone better gives you a clear perspective and allows you to approach them with high dignity

Quiz: How do we approach our God? How do we treat him?

Sometimes we approach him very casual, we even dress casually as we come to church compared with how we go to an interview, we sing like people without no clue of whom we sing to, we dance as if we don't want and the list is endless. We need to repent guys!

NB; If you are approaching President of republic of Kenya it will not be the same you will approach me

Example of a girl at the airport who treated Dr Matiang' like any other person realized that this person is not like others)

We should know People; We should know God in his nature

If we don't see how big our God is, we might not worship him acceptably

OUR GOD IS MAJESTIC

Definition: superior, might and powerful that's our God the one we are serving today

- This is the person we come to every time we gather at church
- This is the person who gives us opportunities to serve at Church!
- This is the person who gave use all what we have!
- This is the person whom is the reason why we are here!

Psalms 8:1

This is how KING DAVID thought about GOD!

Quiz; What about us?

In other words he is saying how powerful y is your name in all the earth not in Kenya

For David looking up to heavens gave him some glimpse of how powerful is our God
(plan to watch our God is indescribable commentary)

God is superior in all the earth, whatever he says must be obeyed by all

We should be aware of God superiority otherwise we will take him lightly and jokingly

Hebrews 12:18-29

As we come to Church this where we come

I have no better words to explain about God Kingdom which we are part of

We come to Church for God and for Jesus and we can't approach him, treat him and think of him as just another person

Who is this God that we Worship?

He is a consuming fire; we should be terrified by his deeds

We should be grateful for God's kingdom otherwise he will consume us

It's not a joke we should take God serious coz he is serious

We are serving a might God, he is not going to joke with us and neither should we joke with him

Prayer class by Kimanzi

Be Specific in your Request

Mark 10:46-52

We praying through a mercy God

Our persistent call on Jesus will get his attention Vs 48-

Being specific allows us to get job done quickly

What is it that has been a thorn in your flesh?

God is able to handle it only you need to know who he is as you pray to him

As we pray to God this Morning be specific
